

Please keep the wisconsin No-Call list!! I think they should keep the no call list for each State and country wide! I don't like it when those people call and it should be our right to not want them to call at any time or any day! we should have a say in this and we pay for our phone lines, so why should we have them interrupting our lives..Like going on private property without permission. We have enough adds in the papers and on T.V. already...why don't they just put an add in a paper or something...Also!! A lot of times you don't even know if thats who is really calling!! Don't they have some kind of license number so we can check if they are indeed the real thing on the Net..A cocumer protection device to get rid of rip off artists..Just a thought here!! Think About it please!!? So why should we give our hard earned money to somthing that may be fake? we voted for this now why can't the banker association back off..All they want is to support their doings ...SO!!!!!! I have to support myself first!! Then maybe I will give later ..Thats when I have the money to give! with taxes and gas prices and bills and hospital bills going higher...we have to save and dig deep in our pockets to even feed our families...Thats sick! while others are Getting milloins of dallars ..Such as the Foot Ball players ect... ect..You know what I am talking...MILLIONS?????What the heck is that???Raise our work pay to \$6.50!!!!!!an hour.The callers should do their calling to people who get paid BIG BUCKS!!!Leave us be...They should think of new ways of doings this instead of bothering people..Half the time they don't even talk good and have bad manners!!! And that ticks me off...BAD BUSSNESS PRACTOUSES!! Anyway!! get the idea??? Don't take away the call list in wisconsin!The Bankers Association all ready gets enough extra money from us with their little money games... they play!! by charging us for stupid charges and other sneaky charges they get from our banking with them.And they never have a good responce why they do it! Nice Pocket change for them... that is what that is all about! don't you think?To All Please tell them to not take away our wisconsin no-call list!!!!...Let your voice be heard!Thank you very much!
